# ANANTA BUSINESS SERVICES

Technology@Best

2025

Hello,

I'm Pramod Kumar Yadav

C.E.O & Founder of ABS

Ananta Business Services is a South Delhi-based IT company delivering high-performance CRM, ERP, Web Applications, and Mobile Apps to businesses around the globe. With over 20 successful project deliveries, we specialize in tailor-made software solutions that automate, optimize, and elevate business processes.

Web Applications & Portals

- Custom-built websites, portals & internal tools
- Tech stack: Laravel, PHP, MySQL
- Secure, responsive, and scalable

Mobile App Development

- Cross-platform (iOS & Android)
- Built with React Native & Flutter
- Seamless user experience + strong performance

CRM & ERP Systems

- Modules for HR, inventory, finance, sales
- Full customization for business-specific workflows
- Real-time analytics & reports

Custom Software Development

- Built from scratch based on your exact needs
- Local or cloud hosting options
- API integrations & automation-ready

Database & Backend Services

- Robust architecture using MySQL & SQL
- Data migration, optimization & security solutions

Why Choose Ananta?

- 100% Product Delivery Guaranteed
- Excellent Team of Developers
- Professional Development Approach
